

THE ETHOS RESEARCH LEADERS FORUM

A Peer Leadership Network and Development Opportunity

Register now for the 2009/2010 cohort !

Join a group of 15 of your peers in research leadership, all of whom want to become better leaders by sharing their experience and lessons learnt. Test your ideas in a safe environment; be stimulated by others who can see the bigger picture and establish relationships that will enhance your professional life.

Attend four stimulating Ethos Forum Workshops from June '09 to May '10

23 & 24 June 2009; 13 & 14 October 2009; 9 February 2010; 18 May 2010

Meet Some of Australia's Most Prominent Research Leaders

Discuss your important leadership and strategic issues with four of Australia's most eminent research leaders...

- **Professor Robin Batterham**
- **Laureate Professor John Ralston**
 - **Dr Leanna Read**
 - **Professor Vicki Sara**

Who should participate in the Ethos Research Leaders Forum?

Researchers with leadership responsibilities within a significant research concentration.

The commitment

Participants sign up for four meetings over a 12 month period and commit to the four dates.

Cost

\$8,500 plus GST per participant.

Early Bird Registration \$7,800 plus GST before 1st April 2009.

Registration enquiries: forum@ethos.com.au
More information, including full brochure and testimonials, at www.ethos.com.au
or telephone Mark Douglas, Director, Ethos Australia Pty Ltd (08) 8373 6433.

More than a leadership course

This is not merely a one-off course to get a 'dose of leadership training'; rather it is an opportunity to meet regularly with peers from non-competing research organisations to discuss management and leadership challenges confidentially and frankly.

"The group has become a great resource for finding solutions to common problems and provides an opportunity to refocus and to think strategically..." **Assoc Prof Michael Kimlin, Institute of Biomedical Innovation QUT**

"A fabulous forum to nurture academic careers and more importantly, personal growth for those who were lucky enough to be selected for the program... Added to this we had the opportunity to meet, in person, individuals with a stellar profile in the national and international scene."
Prof Jiwa Moyez, Curtin University of Technology
