

THE ETHOS RESEARCH LEADERS FORUM

A peer leadership network and development opportunity

Register now for the 2010/2011 Ethos Forum

Value and invest in leadership development

Meet five times over a 12 month period amongst your peers in research leadership.

Meet with some of Australia's most respected research leaders as Guest Presenters.

Discuss your important leadership and strategic issues with some of Australia's most eminent research leaders. In this program they will be:

- Professor Peter Klinken
- Professor Martin Nakata
- Professor Nadia Rosenthal
- Professor John Shine AO

More than a leadership course

This is not a course to learn the latest theory on leadership; rather it is an opportunity to meet regularly with peers from non-competing research organisations to discuss management and leadership issues confidentially and frankly. Learn from the experience of others; allow others to benefit from your wisdom.

Who should attend?

Those who benefit most from this program are researchers with leadership responsibility within a significant research concentration.
